To Whom it May Concern:

My comments are re: N2021-1, the proposed changes to the U.S. Postal Service.

I saw NOTHING GOOD that happened when DeJoy took over the Postal Service! Removal of the neighborhood mail drop boxes only makes it more difficult for those people who don't drive or are disabled and are dependent on that means of mailing items. Our mail slowed to a "crawl" when DeJoy took over, items were lost and questions weren't answered.

DeJoy's idea of privatizing the Postal Service will help big business but it will never serve the people as it has for so many years.

Please appoint a person who has a better response to concerns than "Well, you just as well get used to me. I'm going to be around for a while"!! We want someone who is willing to serve the public as a whole.

Thank you for listening to my concerns,
